17. Authorisation of the Company's Board of Directors to decide on issues of shares, option rights and other special rights entitling their holders to shares The Board proposes that the Annual General Meeting authorise the Board to decide on the issuance of shares, option rights and other special rights entitling their holders to shares, as provided by the Finnish Companies Act, Chapter 10, Section 1, which would replace earlier authorisations for 3,000,000 and 25,000 Series B shares, respectively. This authorisation covers one or more issues against payment or without payment and may also cover divestment of the Company's own shares. The authorisation concerns Series B shares. The total number of shares that may be issued with the support of the authorisation (including shares issued on the basis of special rights) may not exceed 3,000,000 Series B shares. The Board shall decide on the terms and conditions for the issuance of shares, option rights and special rights. Issuance of shares and option rights as well as other special rights may diverge from the pre-emptive right of shareholders to shares in the Company (targeted share issue). In such cases, the authorisation may be utilised for acquisitions of companies or to finance and implement arrangements that are part of the Company's business operations or as one element in the realisation of incentive programmes at the Company. According to the proposal, the Board will also be entitled to decide whether the subscription price shall wholly or partly be set aside in the unrestricted equity capital fund or be recognised in equity capital.
