 Mariehamn, 2013-07-29 14:00 CEST (GLOBE NEWSWIRE) -- Bank of Åland Plc Interim Report 29.7.2013
 3.00 pm Interim Report for the period January - June 2013 "Our net operating profit was nine million
 euros better than in the corresponding period of 2012, showing that the Bank of Åland has made
 significant progress during the year. We have raised the efficiency of our organisation. Business
 volume has climbed, and especially in Sweden we are seeing steady growth. We have reviewed the
 pricing of our services, and an increasingly large proportion of our lending portfolio has achieved
 pricing that corresponds to the costs that result from the new regulations. I would like to express my
 warm gratitude to all our employees, who are implementing a major reform effort while continuing to
 deliver the best possible service to our customers. Yet much work remains before we have reached
 the level of profitability that our shareholders have a right to expect. Our earnings performance
 remains challenged by low market interest rates and cost increases due to recurring regulatory
 requirements." Peter Wiklöf, Managing Director January/June 2013 compared to January/June 2012 •
